

Final Campaign Report

October
2019

**Thank you for helping Friends Seminary transform
teaching and learning today and for generations to come**

A Message from Bo

Dear Friends,

In 2003 we began to reimagine ways we could utilize our facilities to create a learning environment that would serve the rapidly evolving needs of students and teachers at Friends Seminary. Because of you and your support for the Light the Future Campaign, these ideas and dreams are now a reality. The Campus Redevelopment Project is completed, our endowment is stronger, and the Fund for Friends continues to grow. We are deeply grateful for your commitment, and thank you for being a critical part of this historic journey.

The Light the Future Campaign, which is the second and final phase of the Campus Master Plan, will enrich our students' experiences now and for many years to come. All aspects of this campaign have sought to advance academic excellence, strengthen community and create a fully ADA accessible campus. We did it-together!

In this 234th year, we embark on a future full of possibilities. New doors have opened. Lower School students will perform in the Great Room; Seniors will work together to argue a math problem over lunch in the Upper School Commons; Middle School students will examine the growth patterns of plants in the Greenhouse. In addition, I am proud to report that the entire Friends Seminary campus is now accessible—a fundamental milestone for a Quaker school. The opportunities are abundant, and we look forward to sharing stories with you that convey the profound impact of your gift.

We appreciate all your gifts and your generosity. Together we share a commitment to “prepare students to engage in the world that is and to help bring about a world that ought to be.”

Bo Lauder
Principal

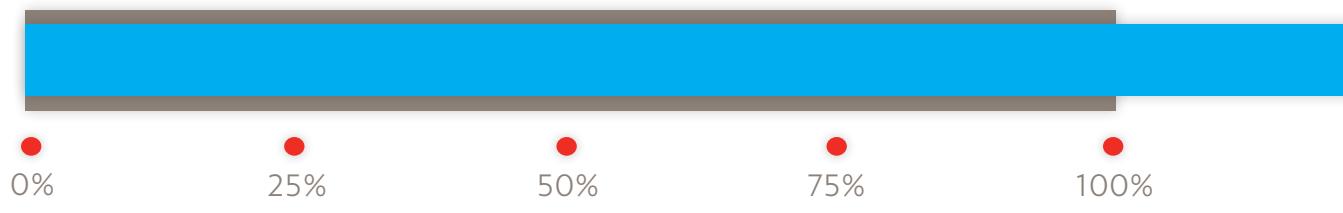

A New Era in Philanthropy at Friends

Based on a bold vision, in 2014 Friends Seminary embarked on a historic campaign to raise \$45m, an amount unprecedented in the School's history. Every gift from \$1 to \$5m has helped support the School's mission and secure its future.

Because of you, we are...

- Advancing academic excellence
- Strengthening community
- Creating an ADA accessible campus
- Increasing long-term financial stability

Your impact transformed our educational environment and created a lasting legacy of excellence—supporting people, creating uplifting spaces and enhancing the curriculum

Campus Redevelopment Project

You helped create a new home for the Upper School and the space necessary to inspire learning, foster collaboration and explore opportunities.

“

New social spaces, such as the Upper School Commons, are going to be incredible places for our already tight-knit student community to come together and bond.”

KIRAN '19

An Upper School Commons for students' social and extracurricular activities

“

The Center for Peace, Equity and Justice will be a vital resource center and learning space that equips students with tools needed to make a positive difference in the world.”

LEITZEL SCHOEN

Dean of Co-Curricular Programs

15

NEW
CLASSROOMS

“

We are thrilled about the possibilities the new space brings to the World Languages program. The ability to create immersive, authentic experiences will enrich each child’s learning.”

CHRISTEL JOHNSON

Teacher - World Languages

A new home for the Center for Peace, Equity & Justice

New, flexible classrooms with more space per student

An expanded Lower School Library

A Great Room for performances, lectures and music classes

“

I think the new Lower School Library is wonderful. It's so much bigger with tables and chairs for everyone. There's a cozy nook where my mom and I love to read.”

MARLOWE '28

“

The Great Room will provide a space for facilitating divisional culture and for students to deepen their understanding of Quaker values. Students and teachers can gather here for community-building experiences.”

JASON CRAIGE HARRIS

Director of Diversity & Inclusion

“

New and purpose-designed spaces, like the Skyfield, Great Room, Fitness Center and Dance Studio for arts and physical education, give our students opportunities to shine beyond the classroom.”

ERIN MUMFORD

Upper School Dean of Student Life

A large rooftop Skyfield for sports and outdoor activities

“

In the Dance/Yoga Studio the students now have a beautiful space to stretch their bodies and their minds. There's space for dancers to leap, yogis to twist and capoeiristas to cartwheel.”

BARRY BLUMENFELD

Teacher - Dance/Physical Education

A multi-purpose Dance/Yoga Studio and Fitness Center

An outdoor Terrace to eat lunch, meet friends and reflect

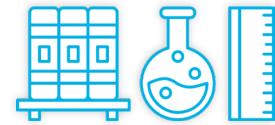

Upgraded Lower and Middle School Science Labs

“

I'm extremely happy about the new Upper School Commons—we now have a place in the school to hang out and call our own.”

LEELA '22

Enhancing the Curriculum

When all pledges are fulfilled, Friends will have an endowment of \$43,600 per student and will generate \$1.49m income annually to support the operating budget.

Endowment Gifts During the Campaign by Areas of Support

“

I could not have attended Friends, nor could my own children have, without money that my grandparents provided. I give to a financial aid endowment named in their memory as a way of paying forward their gift and making funds available to a broader community. If the School is to be as diverse as we all want it to be, more tuition aid must be available to working families.”

In 2016, Upper School Chemistry students explored and investigated the contaminated drinking water in Flint, Michigan. After researching and discussing the social and political aspects of the crisis, several students took action by writing letters to politicians, referencing their findings.

In February 2018, Shirin's Grade 5 French class and Aude's Grade 7 French class visited the Alliance Française to watch *Iqbal*, an animated movie. The students participated in a discussion with the filmmakers, which complemented discussions from their goLEAD classes.

In 2018, Grade 6 scientists embraced the STEM marshmallow challenge. Given 18 minutes, a meter of tape, a meter of string, one marshmallow and 20 pieces of spaghetti, students raced in groups to build the tallest free-standing structure that could hold a marshmallow on top.

Fund for Friends in Action

The School is deeply grateful to these donors who have included the School in their estate plans. They are putting Friends alongside family and friends in their philanthropic priorities. Their gifts will have an enduring impact on the School.

“

I view my years at Friends as a legacy from those who went before me so many years ago. We live in times of great change, and Friends provides a compass for justice and education. I want my contribution to benefit those who attend Friends long after me. I can not predict what will be needed, but want to make sure that Friends remains a vibrant contributor to those who can benefit from those who came before.”

“

The new Chapman Academic Center will add so much value to the lives of our students. Keeping with the traditions and aesthetic of the previous Academic Center, our new space continues to strengthen and grow its mission of providing support to students and creating a safe space where they can focus on their academics.”

“

I was very interested to see the new spaces. I love the unified campus that connects the old to the new. The spaces are big and bright and offer lots of opportunity for students and teachers to add character and personality over time. The views of the Chrysler Building and St Georges' across the street are incredible.”

“

The Academic Center is newer and nicer, but still has the feel of the old one with two rooms. The smaller spaces give you privacy and more space to be focused.”

MYLES '22

“

When my family first toured Friends back in 2002, we loved everything about the School, except for the status of the physical facilities, which were not up to the standards of other schools we were considering. We are pleased that the School has developed a culture of philanthropy, which has enabled us to build new and remodel legacy facilities to support our students, teachers, and 21st century curriculum.”

“

I supported the Light the Future Campaign because the plan was deeply rooted in the mission of Friends. The physical transformation of the School encourages diversity and inclusion, increases students' abilities to learn and build community, and fosters Quaker values of simplicity and reflection. I couldn't wish more for my own daughter or for the future students of Friends.”

“

A growing endowment does so much for our school, helping Friends to aim high and providing the support we need to react flexibly to unknown challenges and opportunities. I'm grateful to our generous community for their donations; to the members of our Investment Committee who take time to provide stewardship over our assets; and above all to the Advancement Department and community volunteers who have worked tirelessly in pursuit of this goal.”

“

The campus redevelopment project has enabled the Middle School to have its own special place in the midst of a busy bustling campus. Beginning in Grade 5, students inhabit homerooms that are exclusively theirs, giving them a sense of home and community among other middle schoolers as they start to exercise greater independence and responsibility.”

PANKTI SEVAK

Head of Middle School

*Deceased

“

Our transformative school vision is now a reality! Initiated by our forward-thinking and tenacious administration and supported by our wonderful Friends community, our students, faculty and staff now have amazing facilities for learning, teaching and sharing.”

“

The Light The Future Campaign is now complete, and we have an incredible result: a much stronger endowment and a beautiful new Townhouse building, inside and out, for all of the Friends community to experience and enjoy. I’m proud to have been part of the previous three funding campaigns over the last decade, culminating in being a Co-Chair for this Campaign, and being able to give back to the community.”
